

(ii) This authority to direct modifications in location may be exercised to effect reasonable changes in the location of the major project by the [Montgomery] county council [or the Prince George's County governing body, depending on] OF the county in which the major project is located [,] when the major project is first approved as a part of the WSSC Capital Improvements Program.

(3) After approval of the major project in the WSSC Capital Improvements Program, the [Montgomery] county council [or the Prince George's County governing body, depending on] OF the county in which the major project is located [,] may make further modifications only:

(i) If the modifications do not result in substantial net additional costs or expenses to the WSSC; or

(ii) If the county directing the modification reimburses the WSSC for substantial net additional costs or expenses.

7-106.

(a) The WSSC shall:

[(i)] (1) Review the WSSC Capital Improvements Program;

[(ii)] (2) Revise the program as required by the final action of the [Montgomery] county [council or the Prince George's County governing body] COUNCILS; and

[(iii)] (3) Adopt the WSSC's Capital Improvements Program before the beginning of the first fiscal year of that program.

(c) (2) The amendment:

(iii) Requires final action by the [Montgomery] county council [or the Prince George's County governing body] OF EACH AFFECTED COUNTY.

~~(f)-(i)--Unless-the-County-Councils-have--approved--the extension--the-WSSC--~~

(f)(1) Unless the [Montgomery] county [council] COUNCILS [and the Prince George's County governing body] have approved the extension, the WSSC:

(i) May not extend or approve construction of a sewer of any size or capacity to serve property in either county beyond the area which has been approved for service in a WSSC capital improvements program AND THE 10 YEAR WATER AND SEWER PLAN; or
